# SOUTHERN NEVADA ★ POP WARNER ★ FOOTBALL CONFERENCE ★

Dear Sir/Madam:

According to the CDC, nearly one in five school-age children are affected by obesity. With a reduced focus on physical education in some schools, it's essential for the kids in our community be provided options to help them live a healthy lifestyle. Youth team sports are a great way to keep children active while also providing other valuable skills such as critical thinking, social interaction, and leadership.

Established in 1929, Pop Warner is one of the longest-serving 501(c)3 non-profit youth sports organizations in the world. Pop Warner offers football, cheer, and dance programming with a focus on academics as a requirement for participation. The goal is to provide a positive experience and a safe environment for the children in our community to learn the value of teamwork.

Southern Nevada had no active conference under the Pop Warner organization until recently. In order to increase recreational options for local youth, we re-established the Southern Nevada conference. We are looking for support from Nevada-based corporations and local organizations like yours to help expand our reach across the region. We firmly believe every child who wants to participate should be able to, regardless of socioeconomic status, which is why we cover the cost of all items needed for participants such as uniforms and safety equipment. Additionally, the children are often invited to play in tournaments and games, which may require travel.

Becoming a sponsor for the Southern Nevada Pop Warner organization is not only a great way to give back to the community but also a way to advertise your brand. We accept donations and offer sponsorship packages starting at \$1000, which offer several ways to get your message, logo or promotion in front of thousands of parents through emails, flyers, onsite banners and uniform placement.
